1. The merchandise within this display assortment is: 6 each 1609, 1612 and 1618; 3 each 1601, 1820, 1827, 1840, 1847, 1860 and 18801.

2. Unpack all pieces from the carton. The rack consists of 2 wire grids, 2 "foot" pieces, 1 bag of nuts/screws, 1 bag of 11 hooks and the display header card.

3. Assemble the rack by sliding the male and female frame pieces together. Fasten with screws provided. Attach "foot" pieces in the same way.

4. If you prefer to attach the grid to existing store shelving, do not attach the "foot" pieces. Power panel should be attached with brackets appropriate for your store shelving.

5. Load the rack with hooks and product according to the planogram provided here.
